

# Dr. Naseer Mohammad, MDS

- ✓ **Senior Consultant – Oral & Maxillofacial Surgery, FMS Dental Hospitals**
- ✓ **Senior Lecturer – Dept. of Oral & Maxillofacial Surgery, Sri Sai College of Dental Surgery**

## Executive Profile

Dr. Naseer Mohammad is an accomplished Oral and Maxillofacial Surgeon with over a decade of experience in managing complex surgical conditions of the face, jaws, and oral cavity. Known for his clinical precision and comprehensive surgical approach, he specializes in trauma management, reconstructive procedures, and advanced maxillofacial surgeries.

At FMS Dental Hospitals, he plays a key role in delivering high-quality surgical care, handling both routine and complex cases with a strong focus on functional restoration and aesthetic outcomes. His clinical expertise is complemented by extensive hospital-based experience, including his tenure as Senior Resident at ESIC Medical College Hospital, Chennai, and Government District Headquarters Hospital, Nalgonda.

In his academic role as a Senior Lecturer, Dr. Naseer is actively involved in mentoring undergraduate and postgraduate students, contributing to surgical training and fostering evidence-based clinical practice. His professional journey reflects a commitment to continuous learning, research, and leadership within the specialty.

## Academic Qualifications

- ✓ **Master of Dental Surgery (MDS) – Oral & Maxillofacial Surgery**  
Kamineni Institute of Dental Sciences (2016)
- ✓ **Bachelor of Dental Surgery (BDS)**  
SVS Institute of Dental Sciences (2008)

## Professional Experience

- ✓ 10+ years of clinical experience in Oral & Maxillofacial Surgery
- ✓ Senior Consultant, FMS Dental Hospitals
- ✓ Senior Lecturer, Sri Sai College of Dental Surgery
- ✓ Former Senior Resident:
  - ESIC Medical College Hospital, Chennai
  - Government District Headquarters Hospital, Nalgonda
- ✓ Extensive experience in hospital-based surgical care and emergency management

## Core Clinical Expertise

Dr. Naseer's clinical expertise spans a wide range of maxillofacial surgical procedures, including:

- ✓ Maxillofacial trauma and emergency surgical management

- ✓ Orthognathic (corrective jaw) surgery
- ✓ Temporomandibular joint (TMJ) reconstruction and management
- ✓ Head and neck oncologic surgery
- ✓ Distraction osteogenesis and reconstructive procedures
- ✓ Dentoalveolar and minor oral surgical procedures
- ✓ Comprehensive surgical treatment planning and rehabilitation

## **Clinical Case Experience**

Dr. Naseer has managed a broad spectrum of surgical cases, including:

- ✓ Complex facial trauma involving midface and mandibular fractures
- ✓ Orthognathic surgical corrections for functional and esthetic rehabilitation
- ✓ TMJ ankylosis and reconstructive procedures
- ✓ Head and neck pathology including cysts, tumors, and precancerous conditions
- ✓ Surgical management of impacted teeth and dentoalveolar conditions

His approach emphasizes surgical precision, multidisciplinary coordination, and long-term patient outcomes.

## **Advanced Training & Continuing Education**

Dr. Naseer has actively pursued advanced training across various domains of maxillofacial surgery:

- ✓ Orbital floor and complex midface trauma – AOMSI (2024)
- ✓ Advanced microvascular surgery training
- ✓ CBCT interpretation and implant planning
- ✓ Orthognathic surgery workshops
- ✓ ATLS & BLS (trauma life support training)
- ✓ Research methodology and systematic review training

He regularly participates in national and international symposiums to stay aligned with evolving surgical protocols and innovations.

## **Scientific Contributions & Research**

Dr. Naseer has contributed to academic research and scientific forums through presentations, publications, and leadership roles.

## **Research & Clinical Studies**

- ✓ Retrospective evaluation of treatment protocols for zygomatic fractures
- ✓ Ongoing research on:
  - Quality of life post third molar surgery
  - Neurosensory disturbances in zygomatic fractures
  - Caries associated with impacted third molars

## Scientific Presentations

- ✓ Vascular malformations – research presentation
- ✓ Mandibular reconstruction techniques
- ✓ Bilateral TMJ ankylosis management

## Poster Presentations

- ✓ Cysticercosis of jaws
- ✓ Nasolacrimal-cutaneous fistula
- ✓ Masseteric hypertrophy

## Publications

S. No.	Title	Year
1	Pleomorphic Adenoma	2015
2	Unicystic Ameloblastoma	2014
3	Oral Submucous Fibrosis Study	2026

## Academic Leadership & Contributions

- ✓ Chairperson at AOMSI National Conference (2024)
- ✓ Chairperson at AOMSI Conference (2018)
- ✓ Chairperson at Telangana Dental Conference (2017)
- ✓ Active participant in ICOI Implant Symposium and Oral Cancer forums

## Professional Memberships

- ✓ Association of Oral & Maxillofacial Surgeons of India (AOMSI)
- ✓ Indian Dental Association (IDA)

## Teaching & Mentorship

As an academician, Dr. Naseer is actively engaged in:

- ✓ Teaching undergraduate and postgraduate dental students
- ✓ Surgical training and clinical mentoring
- ✓ Conducting academic discussions and case-based learning
- ✓ Encouraging research-oriented clinical practice

## Clinical Philosophy

Dr. Naseer believes that successful maxillofacial surgery lies in restoring both function and facial harmony through precise and well-planned interventions. His philosophy emphasizes:

- ✓ Comprehensive diagnosis and individualized surgical planning
- ✓ Evidence-based and minimally invasive approaches where feasible
- ✓ Multidisciplinary collaboration for complex cases
- ✓ Focus on patient safety, comfort, and long-term outcomes
- ✓ Integration of advanced surgical techniques and technologies

### **Professional & Community Contribution**

- ✓ Active participation in academic, surgical, and research forums
- ✓ Contribution to clinical education and training programs
- ✓ Engagement in continuous professional development initiatives
- ✓ Advocacy for early diagnosis and comprehensive management of maxillofacial conditions
